Primus Partners, in association with TiE (The Indus Entrepreneurs) Rajasthan, is pleased to announce its role as the Knowledge Partner for the upcoming TiE Global Summit (TGS) 2026, scheduled from 4th to 6th January 2026 at the Jaipur Exhibition and Convention Centre (JECC), Jaipur. Building on the Andhra Pradesh Data Centre Policy 4.0, the initiative aims to translate marquee commitments, including Google's 1 GW and Sify Infinity's 550 MW, into rapid on-ground expansion, job-creation, and global investor confidence-boosting avenues.

This milestone edition of Rajasthan DigiFest in association with TiE Global Summit 2026 is being organized by the Department of Information Technology & Communication (DoIT&C), Government of Rajasthan, in collaboration with TiE Rajasthan. The Jaipur

edition is expected to bring together over 10,000 participants, 1,000+ startups, 500+ investors, 200+ speakers, and global thought leaders from more than 16 countries.

Primus Partners' Role as Knowledge Partner

As Knowledge Partner, Primus Partners will play a strategic role in designing and delivering the knowledge and thought-leadership framework for the Summit. This includes curating thematic sessions, white papers, policy dialogues, sectoral roundtables, and research-driven insights across key industries and innovation domains.

Sameer Jain, Managing Director, Primus Partners, said: "We are excited to partner with TiE Global Summit (TGS) 2026 as the Knowledge Partner. This is a landmark event that brings together global innovators, investors, and policymakers on one stage. At Primus Partners, we believe in creating impact through insights, and this partnership will allow us to contribute to shaping a forward-looking innovation agenda that supports India's growth story."

Primus Partners' deep expertise in public policy, governance, and innovation ecosystems will help shape data-backed discussions and actionable outcomes that strengthen collaboration between government, industry, and startups. Through this partnership, TGS 2026 will not only amplify its knowledge footprint but also create a structured platform for evidence-driven policy dialogue and ecosystem impact.

Rajasthan DigiFest: A Platform for Innovation

Over the years, Rajasthan DigiFest has become one of India's leading platforms celebrating innovation, entrepreneurship, and technology-led development. Conceptualized by the Department of IT & Communication (DoIT&C), the festival connects startups, investors, industry leaders, academia, and policymakers through powerful collaborations and sectoral showcases.

The event highlights flagship initiatives such as iStart Rajasthan, one of India's most successful state startup programs, which has helped nurture thousands of startups across diverse sectors. Rajasthan DigiFest continues to strengthen the state's positioning as a rising hub for digital transformation, innovation, and inclusive economic growth while highlighting its strengths across Technology, Renewable Energy, Tourism, Crafts, AVGC, Textiles, MSMEs, AgriTech, FinTech, and Sustainability.

The TiE Global Summit (TGS) is the flagship global conference of The Indus Entrepreneurs (TiE), one of the world's largest not-for-profit organizations devoted to supporting entrepreneurs through mentoring, networking, and knowledge-sharing.

Hosted previously in global innovation hubs like Delhi, Mumbai, Hyderabad, Dubai, Singapore, and Bengaluru, TGS has featured some of the world's most iconic leaders,

including Bill Gates, Elon Musk, Ratan Tata, Larry Page, Anand Mahindra, Narayana Murthy, Nandan Nilekani, Vinod Khosla, and Arianna Huffington.

The Jaipur edition will mark the 10th year of TGS, and for the first time, it will be hosted in partnership with Rajasthan DigiFest, creating an unprecedented platform for Technology, Growth, and Sustainability to converge.

Mahavir Pratap Sharma, Convener, TiE Global Summit 2026, added: “We are delighted to welcome Primus Partners as our Knowledge Partner. Their strategic expertise and research-driven approach will add significant depth to the sessions and outcomes of TiE Global Summit 2026. Together, we aim to create a confluence of innovation, entrepreneurship, and policy that drives real impact.”
